## FRIENDLY REMINDERS

**CHECK - IN TIME:** 3:00 pm–5:00 pm, Monday–Saturday; 3:00 pm–4:00 pm, Sunday

**CHECK - OUT TIME:** 9:00 am

**RENTAL TAX:** Rehoboth Beach charges a 6% rental tax. Dewey Beach charges a 3% rental tax. Henlopen Acres and Lewes (including Lewes Beach) both charge a 5% rental tax. These taxes are in addition to your rent.

**RESERVATION FEE:** A \$100.00 non-refundable reservation fee is charged in addition to the rent on all reservations.

**BALANCE OF RENT:** A check for your final balance is due to our office 30 days prior to check-in. Credit cards are not accepted for final payment on weekly or seasonal rentals.

**CANCELLATION POLICY:** All payments are non-refundable. In the case of a cancellation, transfer, or change to your reservation, no refund will be made unless the unit is re-rented for the canceled period. You will be charged a 15% cancellation fee if the unit is re-rented.

**MINI WEEKS:** If a property is not rented in season 14 days prior to check-in, some owners may rent for less than a full week. For more information, contact your rental agent or visit [www.jacklingo.com](http://www.jacklingo.com).

**OFF-SEASON RENTALS:** Many properties are available off season for weekend and/or partial-week rentals. For more information, contact your rental agent or visit [www.jacklingo.com](http://www.jacklingo.com).

**RENTAL CAPACITY:** Please check your rental's occupancy limit, which can be found in the property description. This number represents how many people (including children) may stay at the property.

**PETS:** Pets are prohibited in rental units unless a particular property has been labeled "Pet-Friendly" in the property description. A non-refundable pet fee will be collected for all pet-friendly properties. We cannot guarantee that a pet has never been at a particular property.

**POOLS:** Look for our pool symbol, which indicates that a property features a private and/or community pool. Private pools are not heated.

**LINENS:** Most of our properties do not include bed and bath linens. Linens and beach towels, however, may now be ordered via Jack Lingo, REALTOR'S® linen program. Please ask your rental agent for details.

**NO SMOKING:** Smoking is not allowed on any of our properties. We cannot guarantee that smoking has not occurred on properties in the past.

**PARKING:** The City of Rehoboth Beach requires the use of parking permits on all city streets, except where there are meters. We have many property owners who make their parking permits available for your use. All of Dewey Beach's streets require parking permits. These may be purchased at the town hall on Rodney Street. Lewes' parking meters operate May 1–October 14. During this time, parking in 1812 Municipal Parking Lot is limited to a 3-hour maximum. 30-minute parking signage is enforced all year. Lewes Beach parking meters at Beach One & Beach Two operate May 1–September 30, 9:00 am–6:00 pm.

**ACCIDENTAL DAMAGE PROTECTION:** Either a \$70.00 non-refundable accidental damage protection fee or a \$3,000 refundable security deposit will be charged on all weekly rentals to cover any damage reported during your stay. The \$70.00 accidental damage protection fee offers coverage up to \$3,000. You may select which of these two options best suits your needs.

### WE HAVE BEEN WORKING WITH OUR CLEANING SUBCONTRACTORS

They will be following the CDC guidelines for cleaning and disinfecting to help keep guests safe and contain the spread of the virus.

### REQUIREMENTS TO HELP CLEANERS PROTECT THEMSELVES

- Before they clean, cleaners should wash their hands and put on impermeable, disposable gloves.
- Cleaners should wear masks.
- Cleaners should avoid touching their faces during the clean.
- Gloves should be thrown away after each clean.
- Cleaners should wash their hands immediately after gloves are removed.
- Cleaners should be sure to air and ventilate the property both during and after cleaning.

### CLEANING REQUIREMENTS

When it comes to preventing the spread of germs, it helps to understand the difference between cleaning and disinfecting. Cleaning is the act of removing germs, dirt, and impurities—e.g., using a soapy sponge to wipe off a visibly dirty counter or stove top. Disinfecting is using chemicals to kill germs—e.g., spraying with a CDC-approved solution. By cleaning first, then disinfecting, one can lower the risk of infection.

Cleaning cloths/rags/mops should not be reused between homes unless washed and sanitized.

### Cleaning high-touch surfaces

#### SANITIZE:

- **General** (*all rooms*) — fans, lamp chains, doorknobs, garbage bins (*remember to line all trash cans*), recycling bins, hairdryers, keys, light switches, railings, remote controls, tabletops, thermostats, windowsills, and window handles.
- **Kitchen** — appliances (*coffee maker, oven, blender, toaster, etc.*), cabinet handles and pulls, washer and dryer machine knobs, hard-backed chairs, sinks, countertops, cutting boards, dishwasher (*run on high setting*), highchairs, and other surfaces.
- **Bedrooms** — night tables, hangers, cribs, Pack 'n Plays®, desks, and wardrobe handles.
- **Bathrooms** — faucet handles, shampoo bottles, shower curtains and doors, showers and tubs, sinks, toilets, and other surfaces.

## Cleaning low-touch surfaces

Floors, walls, blinds, and other low-touch surfaces can be cleaned using hot water and detergent. Mop or wipe down from one end of the surface to the other.

## Pillows, mattress pads, & bed coverings

We will still provide a mattress pad, two pillows, a washable bed covering, and zippered, washable pillow encasements for each bed. These items will be sanitized between guests. We have asked our homeowners to remove extra bedding items from the property. Therefore, if you would like extra blankets, linens, pillows, etc., you should bring them.

## COMMUNITY POOLS

Community pools have been asked to adhere to the new guidelines. Therefore, one may not be open at the time of your visit due to necessary updates.

## REQUIREMENTS FOR DISINFECTING

Most common EPA-registered household disinfectants should be effective for disinfection.

***A list of products that are EPA-approved for use against the virus that causes COVID-19 is available here:***  
<https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>.

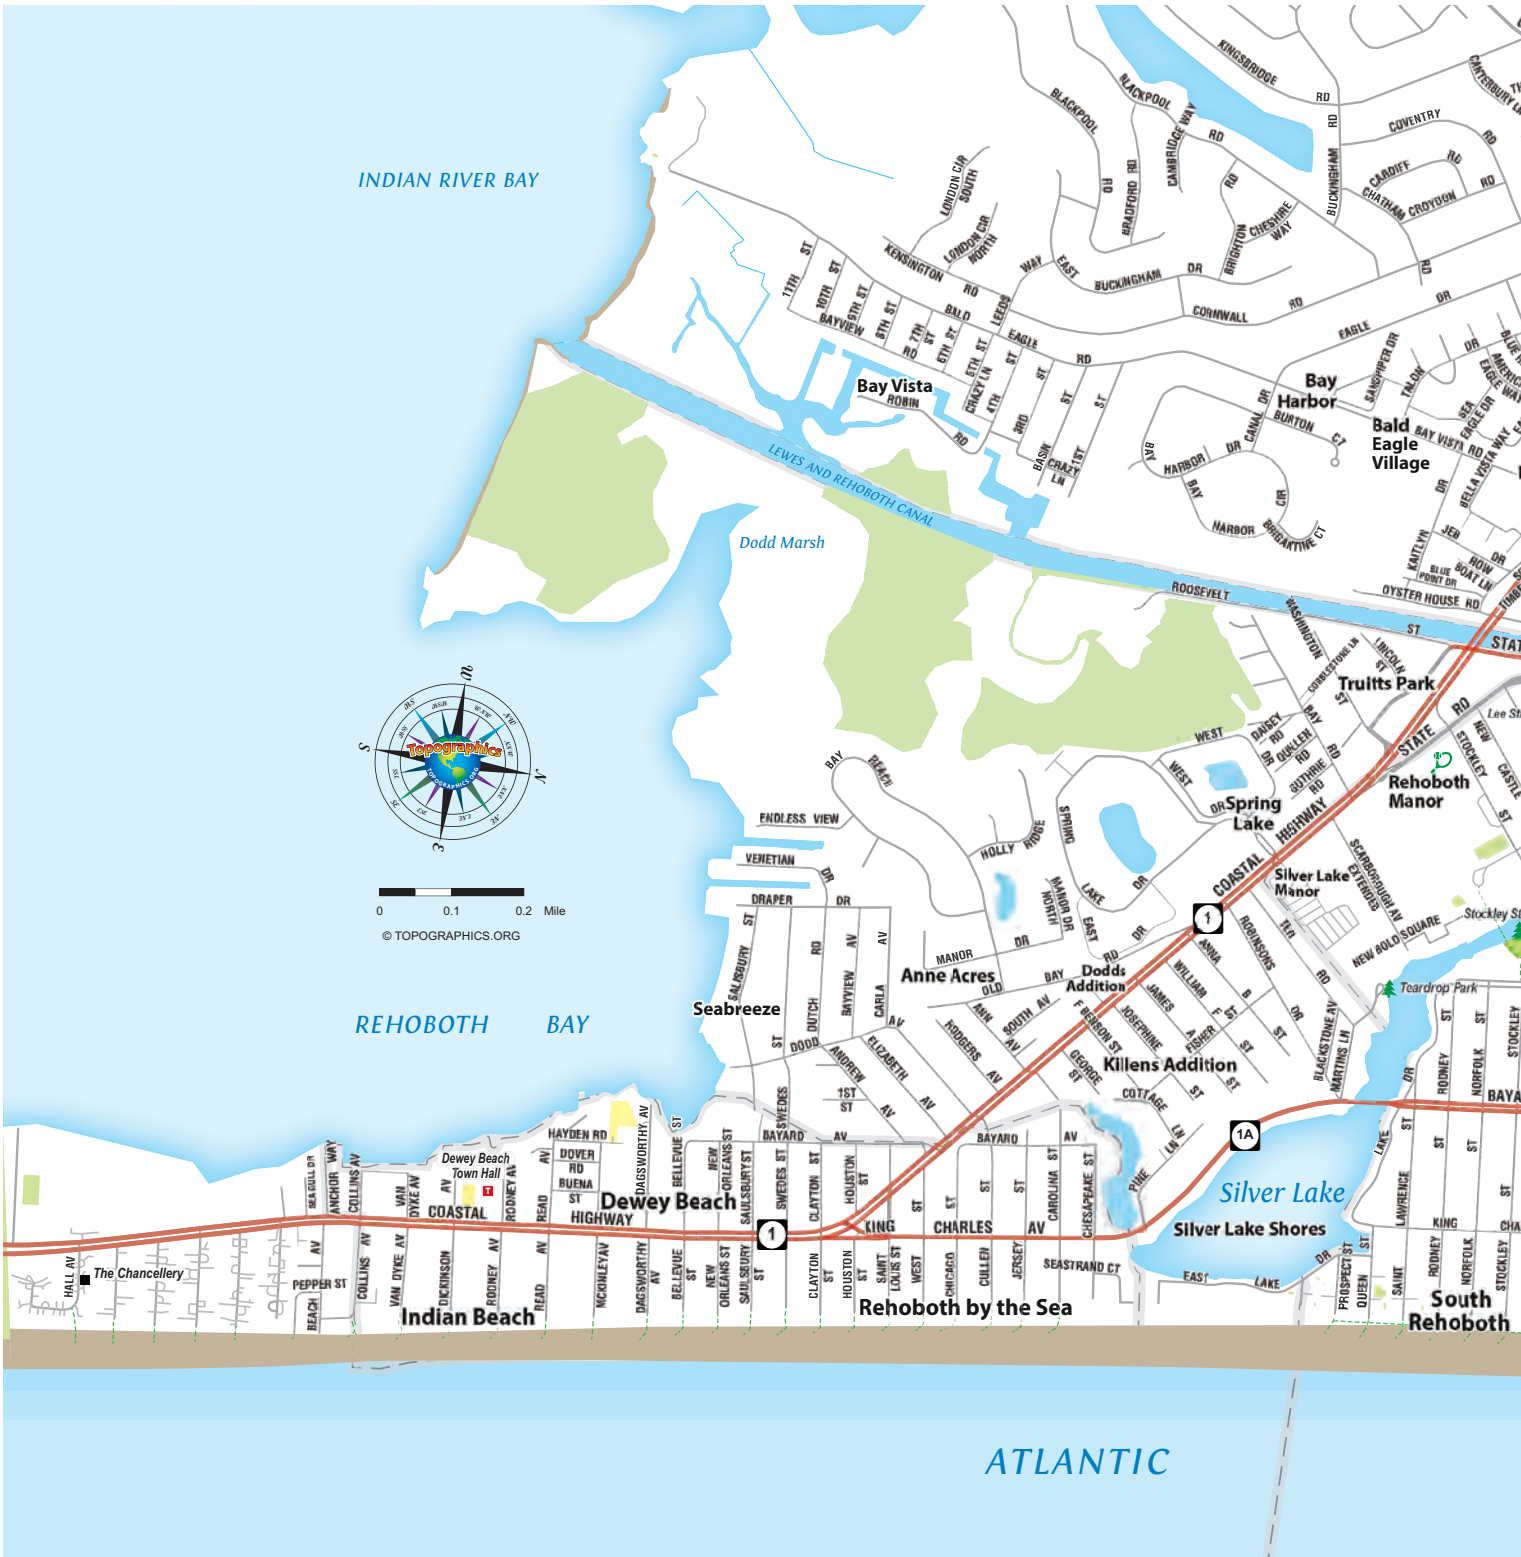

Follow manufacturer's instructions for all cleaning and disinfection products (*concentration, application method, contact time, etc.*). Diluted household bleach solutions (*at least 1,000 ppm sodium hypochlorite*) can be used if appropriate for the surface.

Follow manufacturer's instructions for application, ensuring a contact time of at least one minute and allowing proper ventilation both during and after application. Check to ensure that the product is not past its expiration date. Never mix household bleach with ammonia or any other cleaner. Unexpired household bleach will be effective against coronaviruses when properly diluted.

**These guidelines have been provided by the CDC.**
